

News

1. Indonesian Cosmetic Ingredients (ICI) Surabaya 2017 was held on May 3-4 at the Grand City Lifestyle Mall & Convex, Surabaya, Indonesia. PT. Chemico Surabaya with Momenive, Iwase, Rahn and Daito Kasei in collaboration with CAHB and DCAC presented new ingredients, innovative formulations and international trends. To show the benefits of cosmetic products, instruments such as Aram Huvis, Cortex Technology, Foto Finder, TMI were also displayed.

2. Iwase Cosfa Co., Ltd., Japan in collaboration with P.T Kemiko Indonesia held a seminar entitled "Matte and Glossy Concept for Cosmetics" on May 9, 2017 at Kemiko Indonesia Seminar Room & Application Center, Jakarta. The objective of the seminar was to introduce ingredients from Chiba Flour Milling Co., Ltd. and AGC Si-Tech Co., Ltd. such as Rheopearl and Sunsphere series, respectively. The use of these ingredients was demonstrated in Clear Matte Foundation and Liquid Lip Matte formulations.

3. DSM Nutritional Products (Personal Care) in collaboration with Chemico Inter Corporation Co., Ltd. held a seminar entitled "Experience the Magical World of Emotions and Science" on May 23, 2017 at Renaissance Bangkok Ratchaprasong Hotel, Bangkok, Thailand. We approached the latest global trends under the topics "Water Essential of Life and Beauty", "Anti-pollution", "Halal" and "Korea & Japan Cosmetic Market".

Did you know?

The best liquid foundations picked by editors

Global beauty magazine editors have chosen the best foundations of mid-year 2017 that meet the needs of women, skin types, colors and make up style.

GIORGIO ARMANI POWER FABRIC FOUNDATION

"A new liquid foundation providing full coverage with a matte, lightweight second skin finish"

MAC NEXT TO NOTHING FACE COLOUR

"An ultra-balm fluid infused with nourishing ingredients and opalescent microspheres for a youthful glow that looks lit from within"

MAESTRO FUSION MAKEUP SPF 15

"Brighten your complexion with a refined liquid foundation that leaves behind naturally glowing skin"

Check out these best foundations ever, or if you are looking for a foundation that suites you, choose your best choice from references below.

Regulations

Thai cosmetics labeling requirements

A label for all cosmetic products must indicate the necessary contents as follows:

- 1) Name of product and trade name of product, which must be larger than other contents
- 2) Category or type of cosmetics (such as shampoo, conditioner, etc.)
- 3) Full ingredient list from high to low percentage
- 4) Directions of use
- 5) Name and address of manufacturer (for local product) or name and country of manufacturer (for imported product)
- 6) Net content in metric (ml or g)
- 7) Manufacturing month and year or manufacturing year and month, and batch number
- 8) Expiry date (for product with shelf-life less than 30 months)
- 9) Warning (in accordance with the Ministry of Public Health Notification)
- 10) Notification number

In case of small container which has label-showing space of less than 20 square centimeters, at least the contents in no. 1, 7 and 10 must be shown, and other necessary contents shall also be shown on the insert.
